Good Work on Caldwell Street.

The city authorities are doing some good work on Caldwell street. The mud has been hauled away and a good macadam road is being made. The crushed rock from the Newberry Gravel Company's beds cannot be beat in the way of material for making streets. This is permanent and lasting improvement and the people should uphold the hands of the city authorities in such

Kind Words from an Old Acquaintance.

We spent a few hours in Newberry one day last week and met a number of our old friends and acquaintances. At The Herald and News office we met Mr. John W. Earhardt, a Lexington boy, who is one of the prominent men of Newberry. He is a candidate for mayor, and from what we could learn, his chances of election are good. John is an honest and conscientious man, and should the people of Newberry elect him he will give them a clean and business administration. - Carolina News.

Reware of the Kulfe.

No profession has advanced more rapidly of late than surgery, but it should not be used except where absolutely necessary. In cases of piles for example, it is seldom used. Improvements on Nance Street.

Alderman H. B. Wells has succeeded with the assistance of our honorable mayor, Mr. Otto Klettner, who has an eve ever watchful to the best interests of the city, when it comes to putting in permanent and lasting improvements, in having the widening of Nance street extended from the alley beyond Mrs. Emeline Bradley's, across Scott's creek and through the Purcell lot. This will be a great improvement on Nance street-something that has been needed for a long time, and we hope ere long the widening will be extended all the way to Kibler street.

Street Overseer Dominick went to work on the improvement yesterday morning.

To Stamp the Doub ful States.

BRANSFORD MILLS,

Owensboro, Ky.

The united meeting of the two Sunday Schools unions of our city, which met in Central Methodist church on last Friday night, was a most pleasing success. All who attended were gratified at the manner in which the meeting was conducted, and of the growth of the unions. It has been nearly two years since the Sunday School conven-Maj. L. W. C. This good woman has been indefatigable in her efforts, and those efforts have been crowned with success. She has many co-workers who feel that their gain has been great in the past months, and would ask others to unite with them in their studies. There are two weekly meetings of these unions, one on Fri-Miss Mamie Renwick, of Newberry, days at 4.30 p. m. in Central Methodist church, and the other same evening at 8 o'clock in one of the churches over in Be in time and avoid the rush at the West End. One buggy was torn to pieces and the other slightly damaged. All of the parties were thrown from the buggies and were slightly bruised. It might have been serious, and they were fortunate in escaping as lightly as they did.

Gentry's Dog and Pony Show. Gentry's dog and pony show was in the city yesterday and gave two performances to large crowds. This show s always a favorite here, and the tent s crowded with children who are always pleased with the well trained ponies and logs. The parade was one of the best, neatest and cleanest ever witnessed here and was cheered all along the line of march by the many eager and happy children. The addition to the show since their last visit here of two camels and four elephants created much merriment for the children. Many new acts were put on and the show this season is far superior to what it was last year.

Trip to the Thriving Town of Prosperity,

Having a desire to visit the much

alked of town of prosperity, S. C., I said to my better half let's take a trip to the town where they say goods of first quality are sold at astonishingly low prices. An early start, with good roads, the trip was pleasant and easy. Approaching the town we saw the large brick store of Moseley Bros. towering away above anything iu town, an immense building for such a size town, fifty feet wide and a hundred feet long; two stories high and a large warehouse annexed 32 by 100 ft. long and two stories high. Upon entering that immense building the first thing to greet us was the millinery department in charge of Mrs W. A. Moseley who has just returned from the north, having call to see us. Respectfully, Summer Bros. selected a beautiful line of millinery, and we found beautiful pattern hats, and everything up to date, and the prices startled us-so much cheaper than we had been paying in larger towns, and upon mentioning that fact Money TO LOAN—We negotiate loans on improved farm lands plicants. All stood excellent examina- we met Mr. Sidney Duncan who has payments. Hunt, Hunt & Hunter, tions. Mr. Charley Moore is the alter- charge of the dry goods, notion, shoe, clothing, hat and cap, &c., department, assisted by Mrs. C. T. Wyche and Miss Edna Fellers, both experienced ladies, pleasant and popular. A few prices made to us convinced us that this was many friends in Newberry county for the place we were looking for; and passnig along to the grocery and crockeryware department, and needing some change, we called upon Mr. J. H. Hunter, the popular cashier in their banking department. Passing further on can fit you. I use only the best grade we met Mr. Ira Boland and Mr. W. E. Crystaline lenses. Come and give me Moseley, popular and pleasant young men who are in the grocery and hardware departments. We found that department full of fresh goods and prices and quality right in that department. Before leaving we were invited by

the firm to visit their ware rooms, containing buggies, wagons, stoves, &c., and we found good stock. They showed us a nice carriage, the hundred dollar kind, for \$75.00, also the famous and popular Iron King stove which they have been handling for years; they can furnish repairs for this stove; also saw other makes, the prices ranging

from \$7.00 to \$23.00. We were also invited up stairs to see their immense fnrniture, mattress, spring and carpeting department. We found plenty of new, fresh goods and prices as in other departments right, They showed us a beautiful up to date set of furniture, roll foot bed, swell front bureau, German bevel glass for \$22.49; reed rockers, the \$2 kind, for \$1.49; nice cane chairs, 60c. kind, for 50c. This firm sells old reliable Bay State shoes, universally pronounced the

best for the money on the market. I will mention a few other prices: Riverside plaids 5c., 3 yds. white homespun 4-4 short lengths 5c.; standard drilling, short lengths, 6c.: yard wide androscoggan bleaching, 10 yds. to a customer, 7c., some people prefer it to fruit of the loom.; jeans 10 to 30 cts.; they have a special in embroidery and inserting from 4 to 35c. Give them a call when in Prosperity, and put yourself to some trouble to go and see their big department store and save money for yourself and family. Such a department store as this is a novelty for upper Carolina. They also do a jobbing business and quoted me Atlantic matches lies. If you do not use "Clifton" have W-Mrs. Lucinda White, S. D.
